“The only choice for your wedding entertainment...

I have enjoyed 18 years as a DJ, mostly for weddings. I pride myself on my integrity and my ability to totally cater for all your wishes.

I will provide you with a suggested schedule for your reception and discuss with you and your fiancé your music preferences including the First Dance.

I will welcome you to the dance floor, introduce your first dance and take you and your guests on a musical journey from the 50's and 60's through to today's best! Requests taken on the night also.

My equipment is small, modern and powerful but unobtrusive, and I always set up in the afternoon prior to guests arrival.

I guarantee to give you and your guests a fantastic night to remember, always.

...including master of ceremonies”*

I can also act as your MC for the evening. Allow me the privilege of managing your evening reception. I will invite you and your guests to be seated for dinner, and introduce your speeches, the cutting of the cake, right through to the last dance!

* Extra fee applies
